MEMORANDUM FOR: Chairman, COMOR

25X1A

SUBJECT : ☐ Requirements

25X1C

I plan to re-deploy the Detachment at ☐ back to the ZI as soon as the North Vietnam requirement is completed. The Director of Central Intelligence, however, is committed to the Special Group to "take a final look" as to whether the requirements along the Sino-Indian border have been satisfactorily accomplished. I should appreciate a statement from COMOR as to whether any additional coverage is considered necessary.
